Continuation of 3. NOTE: Applicants state that the limitation of claim 11 has been incorporated into claim 1 and, therefore, no new issues are presented. However, it is noted the limitation incorporated into claim 1 is not exactly the same limitation as recited in claim 11, i.e., claim 11 originally recites "... complexing the free boron trifluoride ... with an organic constituent ..." whereas the limitation incorporated into claim 1 recites "mixing the oligomerization reaction mixture with an organic constituent ..." Hence, amending claim 1 requires further consideration and search .
